PORTRAIT SESSIONS

2027

the face

BEHIND THE LENS

Hola,
I'm Rachael Phillips, owner of this joint, also wife, cat mom, auntie, avid reader, burger connoisseur, lover of all things nature and ambitious traveler. I also thoroughly enjoy photographing people. (That's obvious, right?!)

I am so grateful to the families who took a chance on me when I first started this endeavor in 2016 which allowed me to make photography my career! I spend hours preparing for your photo session, thinking of safe, age-appropriate poses and "prompts" to get genuine laughter, smiles and authentic interaction. I've been doing this for 10 years now, and own a boutique studio in Bellevue, and would love to be your family photographer for life!

what makes RPP DIFFERENT?

Photo sessions with me are elevated and intentional to create PRINTED ARTWORK of the most important people in your life, instead of sitting on a digital device. I save you the time and stress of figuring out what size wall portraits to order, where to order them from and how to display your memories in your home. I do this by coming to your house before or after your session with different sized print samples so we can see what works in your space. I order your prints for you and deliver them to your front door so you don't have to do anything!

WHAT TO EXPECT

before

When you sign the photo session agreement and take care of the retainer payment you are booked! Then we can start planning how you will display your images in your home. I'll also send you a style guide with helpful tips so you are fully prepared for a sucessful session. I plan our session workflow ahead of time so we can maximize our time together.

during

We'll meet at the agreed upon location and do some looking-at-the-camera poses which are perfect for wall portraits in your home, and I'll also get some fun, candid shots. I plan "prompts" to get genuine siles during the session so we hopefully don't get any fake "cheeses."

after

About a week after your session, you'll return to the studio (or this can be done at your home or via Zoom) to view a heartwarming slideshow of your images, select your favorites and purchase any keepsake print products you love. I do all your printing for you, and deliver your keepsake artwork to your front door so you don't have to do anything!
